PROFILE

As a dedicated and skilled .NET programmer, I bring a wealth of experience and expertise in developing robust and efficient software solutions. With a strong foundation in software development and a proven track record in designing and implementing complex applications, I am committed to delivering high-quality, scalable, and secure software that meets the diverse needs of clients and end-users. My passion for coding, problem-solving, and staying up-to-date with the latest technologies has consistently driven my career growth, allowing me to thrive in dynamic and challenging development environments. I am enthusiastic about collaborating with cross-functional teams, embracing best practices, and continuously refining my coding skills to create innovative, reliable, and performance-driven software solutions.

EDUCATION

Tanta University

- Bachelor of Business Information System
- Note: (3.42/4)Very Good
- Thesis Note 4/4 Excellent

September 2017 – June 2021

Practicum .NET

- Inno Tech Company
- ASP.NET
- Repository Design Pattern
- .NET Core
- RESTful API

Oktober 2022 – April 2023

SKILLS

- C# 11.0
- .NET Core
- ASP.NET
- Entity Framework Core
- Web Services: Building RESTful API
- Security: Authentication, and Authorization
- Agile and Scrum
- Dependency Injection
- Problem-Solving ,Troubleshooting
- Design Patterns(such; Singleton, Factory, and Prototype Design Pattern)
- Type Script
- Razor Component
- Angular At Mean Time
- HTML & CSS

PROJECTS .NET Core – ASP.NET Core – API – Repository Design Pattern

METRIFIT

- MetriFit is a powerful and intuitive backend application designed to revolutionize the way users monitor and optimize their health and fitness journey. Leveraging the capabilities of C# with ASP .NET Core API, this application empowers individuals to take control of their wellness by providing comprehensive body metrics analysis and personalized nutritional insights. MetriFit is a valuable tool for anyone committed to improving their health and achieving their fitness goals.
- Body Metrics Analysis: MetriFit accurately measures key body metrics such as body fat percentage, lean body mass, and basal metabolic rate (BMR). Users can track these metrics over time to visualize their progress.
- Activity Level Tracking: Users can input and monitor their activity levels, allowing them to assess the impact of their exercise routines on their overall fitness and health.
- Calorie Calculation: Based on the user's body metrics, activity level, and nutritional input, MetriFit calculates the daily calorie requirements and provides insight into how different meals impact their overall calorie intake.
- Progress Tracking: Users can visualize their body metrics, activity levels, and calorie intake history through easy-to-read charts and graphs, allowing them to make data-driven decisions about their health and fitness routines.

InsuranceINNOTech

- Insurance Inno Tech is a cutting-edge solution designed to simplify and streamline the insurance purchasing process, making it easier than ever for individuals to secure coverage for themselves and their dependents. This innovative platform combines insurance plan selection with a unique feature that shows users the hospitals and healthcare providers covered by their insurance plan, ensuring they have access to quality healthcare services when needed.
- Insurance Plan Selection: Users can effortlessly explore and compare a wide range of insurance plans, tailoring their coverage to suit their specific needs and those of their dependents.
- Claim Management: The platform offers a user-friendly claims process, enabling policyholders to submit claims quickly and efficiently, ensuring that they receive the benefits they are entitled to.
- Insurance Plan Selection: Users begin by exploring and selecting the insurance plan that best fits their needs and budget.

TECHNICAL SKILLS

- **Languages:** C# 11.0, TypeScript, HTML , CSS,
- **Frameworks:** .Net Core, ASP.NET Core, Entity Framework core, Blazor, Angular
- **Developer Tools:** Git, Visual Studio, VS Code,

RELATIVE SKILLS

Creativity	Meeting deadlines
Communication	Friendly
Teamwork	Critical thinking
Resilience	

ACTIVITIES

- **Team Leader – Flash community, Faculty of Information System, Tanta university o Planning and organizing events.**
- **Volunteer– IEEE, Faculty of Engineering, Tanta university ,organizing events.**

LANGUAGES

- **German**
- **English**

THANK YOU FOR YOUR TIME AND CONSIDERATION
